Question-
$\mathbf{1}$ Probablity that a high school graduate in a county will go to college is .37 . What is the probability

| Answer <br> Question-1 | This is a Numerical-Answer Type Question |
| :--- | :--- | :--- |
| Probability $=$ |  |
| Points | 5.00 |

Question- Probability that you will be able to buy a gift for your mom within $\$ 20$ is .48 . What is the 2 probability that you will have to spend more thant $\$ 20$ for the gift for your mom?

| Answer <br> Question-2 | This is a Numerical-Answer Type Question |
| :--- | :--- | :--- |
| Probability $=$ |  |
| Points | 5.00 |

Question- Probability that a student will graduate in four years is .58 . What is the probability that a student 3 will not graduate within four years?

| Answer <br> Question-3 | This is a Numerical-Answer Type Question |
| :--- | :--- |
| Probability $=$ |  |
| Points | 5.00 |

Question- Probability that a student will find a suitbale job within one year from graduation is .32 . What is the 4 probability that one will take more than a year to find a job, after graduation?

| Answer <br> Question-4 | This is a Numerical-Answer Type Question |
| :--- | :--- |
| Probability $=$ |  |
| Points | 5.00 |

Question- Probability that a textmessage will make you happy is .68 . What is the probability that a text 5 message will not make you happy?

| Answer <br> Question-5 | This is a Numerical-Answer Type Question |
| :--- | :--- | :--- |
| Probability $=$ |  |
| Points | 5.00 |

Question- Probability that your house will depreciate within three years is .46 . What is the probability that you 6 house will appreciate in three years?

| Answer <br> Question-6 | This is a Numerical-Answer Type Question |
| :--- | :--- |
| Probability $=$ |  |
| Points | 5.00 |

Question- Probability that you will find a car within $\$ 5000$ is .55 . What is the probability that you will have to 7 spend more than $\$ 5000$ for a car?

| Answer <br> Question-7 | This is a Numerical-Answer Type Question |
| :--- | :--- | :--- |
| Probability $=$ |  |
| Points | 5.00 |

Question- In a fishing trip, the probability that you will catch 10 lbs fist or more is .27 . What is the probability
8 that you will catch less than 10 lbs ?

| Answer <br> Question-8 | This is a Numerical-Answer Type Question |
| :--- | :--- |
| Probability $=$ |  |
| Points | 5.00 |

Question- Probability, that the size of a Math 115 section is 30 or less, is .35 . What is the probability that your 9 friend, who enrolled in Math 115, will be in a class of more that 30 ?

| Probability $=$ | Home Work on The N |  |
| :--- | :--- | :--- |
| Points | 5.00 |  |

Question- When randomly selected, your answer to a multiple choice question will be correct is .20 . What is 10 the probability that the answer will be incorrect, if selected randomly?

| Answer <br> Question-10 | This is a Numerical-Answer Type Question |
| :--- | :--- | :--- |
| Probability $=$ |  |
| Points | 5.00 |
